And

Northern Essex Community College Academic Credit Programs

Fall 2014
This agreement has been established between Northern Essex Community College (NECC) Center for Corporate and Community Education, hereinafter referred to as Non-credit, and NECC Academic Credit programs. This agreement was developed with the intent of facilitating the seamless transfer of students who successfully complete the listed non-credit courses. Students completing the listed courses accompanied by a certificate of completion from the Center for Corporate and Community Education will earn credits applicable toward an associate degree or certificate from NECC.

OBJECTIVES:
1. To recognize the work completed by students and award credits toward their degree or certificate
2. With proper academic advising facilitate the transfer of specified non-credit courses towards a relevant certificate or degree
3. To encourage the transfer of qualified students from non-credit programs to credit programs by providing effective and concise guidelines.

TERMS OF THE TRANSFER ARTICULATION AGREEMENT:
1. This document is based upon the evaluation of course descriptions offered by the Center for Corporate and Community Education, also known as NECC's Non-credit division.
2. Any change to the noncredit courses or programs must be submitted to the appropriate academic division for review within 30 days of such change.
3. Courses that transfer in from the non-credit division are not guaranteed to transfer to any upper level institutions, but are guaranteed to apply to appropriate Northern Essex credit programs.

This agreement shall remain in effect for a period of one year from the date of implementation. At that time, a review of the listed courses and academic programs will be conducted by both the academic credit program area and the non-credit department.
