

### Statement of Disclosure

I understand that the awarded credit can be applied toward completion of my current program of study at Northern Essex Community College and that credits earned through the Challenge Exam program may not transfer to another academic institution. I also understand that a Challenge Exam fee of \$46.00 per credit hour is due prior to administration of the exam and that the Challenge exam fee is not covered by financial aid. The fee is applied to the expenses incurred for exam preparation, administration, and grading. Therefore the fee is not refundable regardless of my performance on the Challenge Exam. Academic Area approval of this request, when required, does not certify or guarantee my ability to be successful on this challenge. Credits earned by Challenge Exams do not apply toward academic residency requirements. I also understand that I must obtain a minimum of a "C" in order to be awarded credit, that my transcript will reflect a "P" (Pass) and not a letter grade, and the "P" will not impact my grade point average.
