ADDITIONAL PROGRAM INFORMATION

Important Dates
While there is no deadline for completing applications to the Dental Assisting Program, we encourage you to do so as soon as possible. Completed applications are reviewed and admission decisions are made on an ongoing basis.

Program Capacity
The Dental Assisting Program has a limited number of seats. In general, the College accepts 24 students to begin this program each September.

The criteria describe the MINIMUM standards that must be met in order to be reviewed for admission to this program. Currently, the number of qualified applicants exceeds the number of available seats. Consequently, once it has been determined that the applicant meets the MINIMUM criteria, he/she is admitted on a rolling admission process.

Wait List Status
The Dental Assistant Program Review Committee establishes a Wait List for qualified applicants who are not initially accepted into the program. In general, the Wait List is up to 50% of the program capacity. Students are called from the Wait List on a space available basis. Students, who are placed on the Wait List, and for whom a seat does not open during the current admission cycle, are given first option on admission for the following year.

If there are significant changes in the admission criteria, students on the Wait List may be required to comply with the new criteria. This decision is at the sole discretion of the academic program faculty.

Transfer Credits
Transfer credits from other colleges/universities are awarded only for comparable courses that are completed with a grade of ‘C’ or higher.
Transportation
Students must have their own method of transportation to dental assisting practicum sites.
