Between the**

*Associate of Science Degree in Early Childhood Education*  
*Of*  
**Northern Essex Community College**

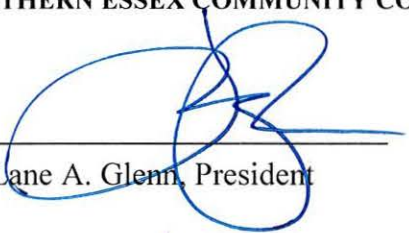

**and the**

**Endicott College, Van Loan School of Professional Studies**  
*Bachelor of Arts Degree in Liberal Studies,*  
*Early Childhood Education concentration*

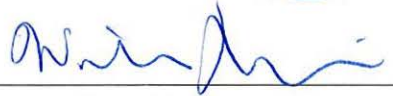

**Fall 2017**

1. Endicott College's Van Loan School of Professional Studies assures the acceptance of any Early Childhood Education associate degrees from graduates of Northern Essex Community College who have earned a grade point average of 2.0 or better (on a 4.0 scale) and who has the endorsement of the Van Loan School at Endicott College into its baccalaureate Liberal Studies degree with a Concentration in Early Childhood Education program, subject to the restrictions identified in paragraph 2 of this agreement. Students who are accepted with 60 or more transfer credits will be classified as Endicott College Juniors.
2. Transfer students from Northern Essex Community College who have earned an associate degree in Early Childhood Education will receive academic credits for all college-level courses applied toward the requirements of the associate degree. As the degrees at the Van Loan School were designed with adult learners in mind, Northern Essex Community College students are required to submit a resume showing, at minimum, two years work experience as part of the application. The work experience does not need to pertain to their specific area of academic study. Students without this work experience will be considered for admission on a case by case basis.
3. Northern Essex Community College graduates planning to apply to Endicott's program must submit an Official Degree bearing transcript from Northern Essex Community College. Students must make an appointment with their Endicott College academic adviser within 1 month of beginning classes at Endicott College.
4. Non-credit or remedial courses determined to be below college credit will not be accepted for transfer.
5. It is understood that if a student does not have the foundation or skill to enroll in an upper level course because he/she has not taken any introductory courses, he/she will be required to take any necessary prerequisite(s). Additionally, the start of coursework will be dependent on the availability of an appropriate cohort. Therefore, Endicott College cannot assure every student the completion of requirements for the baccalaureate degree within a two-year period.
6. Students wishing to plan their transfer from Northern Essex Community College to Endicott College in any of the approved degree programs are encouraged to communicate early with their academic advisors at Northern Essex Community College and the academic advisors of the Van Loan School of Professional Studies to ensure that they meet prerequisites for upper division courses and to secure specific information about transfer credits and degree requirements.
7. This agreement will be reviewed annually and may be revised by mutual consent.
8. This agreement is expected to continue in force indefinitely but may be terminated by either party with not less than one year's notice.
