Message from Deborah Crafts, Chief of Police/Director of Public Safety

The Northern Essex Community College Department of Public Safety is committed to the safety of the students, faculty, staff, and visitors who come to our campus. The Department's main mission is to protect the community, but we also see ourselves as educators and ambassadors for the College. We do so by providing proactive patrols, basic medical assistance, general information, and assistance. In addition, we are a communication conduit to local emergency responders for major incidents on campus. We are also concerned with protecting the property and assets of the college that enable Northern Essex Community College to offer rich and productive learning experiences.

The department offers various safety awareness and training programs listed in this publication. As with any community, we depend on members of the campus community to remain vigilant, report any concerns, and make personal safety and the safety of those around you a priority. With your help, and your prompt reporting of any suspicious activity, we can make a difference in reducing the opportunity for crime on campus.

Please enjoy your time here at Northern Essex Community College and stay safe.

Deborah Crafts
Director of Public Safety/Chief of Police

The Campus Security Act/Jeanne Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) is the landmark federal law, originally known as the Campus Security Act, that requires colleges and universities across the United States to disclose information about crime on and around their campuses. The law is tied to an institution's participation in federal student financial aid programs and it applies to most institutions of higher education both public and private. The United States Department of Education enforces the Act.

The law was amended in 1992 to add a requirement that schools afford the victims of campus sexual assault certain basic rights and was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery. Subsequent amendments in 2000 and 2008 added provisions dealing with registered sex offender notification and campus emergency response. The 2008 amendments also added a provision to protect crime victims, "whistleblowers", and others from retaliation. (<https://clerycenter.org>)

The Campus Security Act requires colleges and universities to:

- Publish an annual report every year by October 1 that contains three calendar years of campus crime statistics and certain campus security policy statements.
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms.
- The statistics must be gathered from campus police or security, local law enforcement, and other College officials who have "significant responsibility for student and campus activities;" otherwise known as a Campus Security Authority (CSA).
- Provide "timely warning" notices of those crimes that have occurred and "pose an ongoing threat to students and employees;"
- Disclose in a public crime log "any crime that occurred on campus...or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department;" and
- Disclose any agreements with state and/or local law enforcement.

Preparation of the Annual Disclosure of Crime Statistics

The Northern Essex Community College (NECC) Department of Public Safety (DPS) prepares this report annually to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This report is prepared in cooperation with the Division of Student Life, Athletics, the Title IX coordinator, and other Campus Security Authorities. Each entity provides updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrests, and referral statistics include those reported to the Northern Essex Community College Department of Public Safety, designated campus officials (including but not limited to judicial affairs, advisors to students/student organizations, athletic coaches), and local law enforcement agencies for buildings owned and or controlled by NECC, as well as public property within and immediately adjacent to campus. The Counseling Center staff informs their clients of the procedures to report crime to the Department of Public Safety on a voluntary or confidential basis, should they feel it is in the best interest of the client.

Each year, an email notification is made to all enrolled students, faculty, and staff that provides the website to access this report. Copies of the report may also be obtained at the Department of Public

Safety located at 100 Elliott Street C110 Haverhill, MA 01830 and 414 Common St Lawrence, MA 01840, or by calling 978-556-3333.

Separate Campuses

All policy statements contained in this report apply to all NECC campuses, unless otherwise indicated.

Northern Essex Community College Department of Public Safety Arrest Authority and Working Relationships

The Northern Essex Community College Department of Public Safety provides law enforcement and contract security services to the NECC campuses in Haverhill and Lawrence. All security officers are licensed by the Massachusetts government. Northern Essex Community College Department of Public Safety personnel have training relative to their protocol, tactics, and procedures for critical incidents.

Northern Essex Community College special state police officers are empowered under the State of Massachusetts General Laws, MGL Chapter 22 Section 63. Police officers have the authority to enforce Massachusetts State and Local laws, NECC policies, AND are authorized to make arrests on NECC owned, leased, or controlled property. NECC police jurisdiction includes property owned, leased, or under the control of, NECC. Campus police officers do not have concurrent jurisdiction on city streets running through or adjacent to any campuses. NECC contract security officers do not have the authority to enforce State and Local laws, however they do have the authority to enforce NECC policy.

The Department of Public Safety maintains a working relationship with the cities of Haverhill and Lawrence Police Departments, as well as the Massachusetts State Police. The officers of these departments communicate regularly on the scene when incidents occur in and around the campuses. The Department of Public Safety personnel work closely with the staff at Haverhill and Lawrence Police Departments when incidents arise that require joint investigative efforts and resources and crime related reports and information are exchanged. The Northern Essex Community College Department of Public Safety does not currently have a Memorandum of Understanding with the Haverhill or Lawrence Police Department pertaining to the investigation of criminal incidents.

NECC's student organizations currently do not operate off-campus locations, including off-campus housing facilities. Therefore, the Northern Essex Community College Department of Public Safety does not currently monitor or record criminal activity by students of organizations officially recognized by the institution at non-campus locations through local police agencies. However, NECC students may live privately off campus in neighborhoods surrounding the college as well as in the greater Merrimack Valley region. The respective local police departments have jurisdiction in all areas off campus.

Reporting Procedures

Incident Reporting

Students, staff, faculty, and visitors of either the Haverhill or Lawrence campus are encouraged to report accurately and immediately any suspicious or criminal activity to the Department of Public Safety at 978-556-3333 or extension 3333 from a campus phone. If an emergency occurs, contact 9-1-1 immediately, and then contact the Department of Public Safety.

Response to Calls

The Northern Essex Community College Department of Public Safety's procedure for responding to calls includes a response to all calls for assistance, including emergency calls. When necessary the Department of Public Safety works closely with the full range of city and local emergency responders to assure a complete and timely response to all emergency calls. Crimes against persons and personal injury crimes receive priority response over any other call.

In response to a non-emergency, the call-taker will take the required action: either dispatch a security officer or ask the victim to report to the Department of Public Safety desk to file an incident report. The Haverhill security desk is located at C112. The Lawrence campus has a security desk in each building: 414 Common St (24/7), 420 Common St, 78 Amesbury St and 45 Franklin St.

For each event or incident, security officers will respond and, if necessary, will use the resources of local, state, and federal law enforcement agencies to provide support and assistance.

Northern Essex Community College Department of Public Safety encourages accurate and prompt reporting of all crimes to the Department of Public Safety and the appropriate police agencies, when the victim of a crime elects to, or is unable to, make such a report.

Members of the community are helpful when they immediately report crimes or emergencies to the Northern Essex Community College Department of Public Safety or a Campus Security Authority (listed below) for purposes of including them in the annual statistical disclosure and assessing them for issuing a Timely Warning Notice, when deemed necessary.

Campus Security Authorities

Federal Law requires the College to disclose statistics concerning the occurrence of certain crimes reported to campus security authorities (CSAs). CSAs include any member of the Department of Public Safety, including contract security officers, College officials who have significant responsibility for student and campus activities, and others identified below as individuals or organizations to whom or which students and employees should report criminal offenses.

Northern Essex Community College's CSAs include the following, but is not limited to:

- Student Conduct Administrator
- Title IX Coordinator
- Director of Athletics and all coaches, trainers, both head coaches and assistant coaches
- Department of Public Safety Staff
- Contract Security Officers
- Advisors of Student Clubs and Organizations
- Student Activities Coordinator

All CSAs should encourage any person who reports a crime or other incident involving campus security to notify the Department of Public Safety immediately. Any CSA who receives a report of an incident involving a crime or campus security matter must contact the Department of Public Safety immediately and inform the Department of Public Safety of the incident consistent with the confidentiality considerations discussed in this report.

Daily Crime Log

The Department of Public Safety maintains a Daily Crime Log, which provides the community with information about crime on the Haverhill and Lawrence campuses. The Daily Crime Log is available for review 24 hours a day, 7 days a week, at the Department of Public Safety Desk in Haverhill located in the C building room C112 and the security desk in Lawrence located in the lobby of the Dr. Ibrahim El-Hefni Allied Health and Technology Center at 414 Common St.

Voluntary Confidential Reporting

Anyone who is the victim of, or the witness to, a crime is encouraged to report the incident as soon as possible. Only professional and pastoral counselors can keep reports confidential. Professional and pastoral counselors are encouraged to inform their clients, when they deem it appropriate, to report crimes to primary CSAs. However, the Department of Public Safety does not have a voluntary confidential reporting procedure and therefore professional and pastoral counselors cannot notify their clients of that type of reporting option at NECC.

Confidentiality Considerations

A Campus Security Authority (CSA) is not required to disclose confidential information concerning an incident, such as information that would identify a victim of a crime who wishes to remain confidential. However, CSAs are required to inform the Department of Public Safety of the existence of all known incidents, including confidential incidents. This is to ensure the capture of proper statistics and, where appropriate, be included in the College's annual security report.

If a reporting party does not consent to the disclosure to the Department of Public Safety, CSAs are expected to inform the Department of Public Safety of the complainant's wish for confidentiality and to report the incident for **statistical purposes only**. CSAs must report an incident without disclosing identifying information concerning the reporting party unless the reporting party consents to disclosure of his or her identity.

The College urges all community members to report any criminal incident to the Department of Public Safety. In the event an individual chooses not to report a crime, the College urges the person at least to disclose the occurrence of the incident to a CSA to be counted, as appropriate, in the College's Annual Security Report (ASR).

Pastoral and Professional Counselors

As allowed by the Clery Act, pastoral and professional counselors who receive confidential reports are not required to report these crimes to the Department of Public Safety for inclusion into the annual disclosure of crime statistics or for the purpose of a timely warning.

It should be noted that if a pastoral or professional counselor serves another function at NECC, such as an advisor to a student organization, then they are required to report crimes to the Department of Public Safety for inclusion in the annual disclosure of crime statistics.

Pastoral Counselor: a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling and is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor: a person whose official responsibilities include providing mental health counseling to members of the NECC community and who is functioning within the scope of his or her license or certification. Contact the Northern Essex Community College Counsellor at 978-556-3730 or by email at counseling@necc.mass.edu.

Incident Information

Incidents may occur on campus that do not appear to involve an immediate threat to the health and safety of students or employees, but due to their significance, may justify community notification. Incidents may include but are not limited to follow up to an emergency notification, a significant incident on or off campus, severe weather warning, or a major infrastructure failure.

Timely Warning Notification

If a situation arises involving an incident identified as a “Clery Act” crime within NECC’s Clery Geography that constitutes an immediate or continuing threat to members of the NECC community, Public Safety will contact the Chief Financial and Operating Officer who will contact the President and the Vice President of Academic and Student Affairs (the Crisis Management Team) to discuss a timely warning. A campus wide “timely warning” will be issued in compliance with the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998. The College disseminates warnings through the college campus emergency mass notification system.

NECC issues timely warning notices whenever a Clery crime is considered to pose a serious or continuing threat to the NECC community. Significant criminal incidents that might elicit a timely warning include, but are not limited to, crimes of violence or patterns of property crimes. Timely warnings may be issued when the crime is deemed to pose a serious or on-going threat to the NECC community for the following crime classifications: aggravated assault, major incidents of arson, burglary, murder/non-negligent manslaughter, motor vehicle theft, robbery, and sex offense.

*As noted earlier, NECC is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor.

Notification Process

The Crisis Management Team will determine if a timely warning is necessary. The alerts are generally written and distributed to the NECC community by the Director of Public Safety/Chief of Police or designee. Students, faculty, and staff will be contacted by text message and/or email sent through the Regroup Emergency Notification System to communicate timely warnings (see chart below).

NECC students are manually enrolled into the database during their enrollment process, however new staff and faculty members must sign up on their own at <https://www.necc.mass.edu/public-safety/necc-alert/>. Once enrolled, it is up to the individual to keep his or her information up to date.

Crime Alerts contain a brief description of the incident; the date, time, and location of the incident; and precautions to take. The amount and type of information presented in the warning will vary depending on the circumstances of the crime. Where possible, a warning will not include information that could jeopardize a criminal investigation.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

The intent of a timely warning is to provide information to enable members of the community to protect themselves.

Emergency Response and Evacuation Procedures

If a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually Northern Essex Community College Department of Public Safety security officers followed by emergency responders. The two entities typically respond and work together to manage the incident. Depending on the nature of the incident, other NECC departments and other local, state, or federal agencies could also be involved in responding to the incident.

Emergency Notification Warning

The College has implemented an Emergency Notification System in conjunction with Regroup to enhance the College’s ability to reach all students, faculty, and staff with time-sensitive information during unforeseen events or emergencies. The system uses e-mail, and text messaging to allow the College to provide pertinent information and details on appropriate responses during critical situations. We encourage members of the campus community to take advantage of the opportunity to provide multiple contact options. NECC students are manually enrolled into the database during their enrollment process, however new staff and faculty members must sign up on their own at <https://www.necc.mass.edu/public-safety/necc-alert/>. Once enrolled, it is up to the individual to keep his or her information up to date.

NECC Public Safety supervisory personnel, in consultation with College administrators as appropriate, will determine whether there is a significant emergency that requires notification through the Regroup Alert system. The Public Safety Director/Chief of Police or her designee will determine the content of the message and identify the segment(s) of the community to be notified with the Chief Financial and Operating Officer. If the situation warrants immediate action and the Public Safety Director/Chief of Police or her designee is not available, the Chief Marketing Officer or his designee will assume this role. In all cases, NECC Public Safety is responsible for initiating the Regroup Alert system and sending the message. As appropriate, emergency notifications may be targeted at only a segment or segments of the campus community that is at risk.

In the interest of safety for the members of our community, the College will without delay and considering the safety of the community, determine the content of the notification unless, in the professional judgment of responsible authorities, the notification will compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. Some, or all the below listed dissemination methods may be used. The Marketing and Communications office shall be responsible for follow up and dissemination of information to the larger community, including via the College’s website (www.necc.mass.edu) and social media accounts.

Community Actions

Community members, upon receiving a notice of an alert, should seek additional information and take actions to protect themselves and to alert others. Members of the larger NECC community can receive information about emergencies on campus through the local media and the NECC website, www.necc.mass.edu.

NECC will immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on the campus. If there is an immediate threat to the health or safety of members of the NECC community follow up information will be provided to the community using some or all the methods of communication listed on the chart.

Generally, it is difficult to provide a set of instructions applicable to all community members. Individual necessary actions will depend on factors such as the type and one’s proximity to the emergency. Whenever possible the college will use a standard approach for emergency messaging. In the event of an emergency, you may receive one of the following messages.

LOCKOUT: A lockout is called when there is a threat or hazard outside of NECC and the perimeter of the building will be secured to keep out the threat. Lockout uses the security of the building as protection.

The following are some examples of when safety personnel might call for a Lockout.

- Criminal activity in area
- Dangerous animal on campus
- Civil disobedience

Lockout procedures are as follows:

- Community members who are outside should move inside; move quickly as, depending on the situation
- If you are near an exterior door, pull it shut if it is open
- Keep alert to updates from the college or reputable news outlets
- Business inside the college should be conducted as usual

LOCKDOWN: called when there is a threat or hazard inside the building. From domestic violence incidents, to intruders, to an active shooter, Lockdown uses room security to protect students and staff from an immediate threat.

The following are simply some examples of when a student, staff member or safety personnel might call for a Lockdown.

- Intruder
- Angry or violent student
- Domestic issue
- Active shooter

Lockdown procedures are as follows:

- Prepare ahead of time, know if the door locks to your classroom or other area
- Does the door open in or out?
- Is there an easy way to secure the door if there is no lock?
 - Tie a belt around the door closer
 - Use a door stop to jam the door
 - Are there other resources to barricade the door?
- Locks, lights, out of sight
 - lock the door
 - turn out the lights
 - move away from windows or glass where you can be seen
- Close shades if possible
- Maintain silence, silence phone ringers
- Barricade the door with heavy objects
- Prepare to evade or defend
- Do not open the door until you get an all-clear message from the school or law enforcement

EVACUATE: called when there is a need to move students and staff from one location to another.

Evacuation procedures are as follows:

Prepare ahead of time

- Familiarize yourself with at least two exits from anywhere you are on campus.
- Designate a meeting place for your classroom ahead of time where everyone can check in and report they are safe.
- Read the College Emergency Response Plan on the Department of Public Safety Website for more information <https://www.necc.mass.edu/public-safety/emergency-response-plan/>

Sound the alarm

- If you discover or suspect a fire, sound the building fire alarm by pulling a red pull station.
- Warn other occupants by knocking on doors and shouting "fire, get out" as you leave the building.

Exiting a room

- Before opening any door, feel the doorknob with the back of your hand. Do not open the door if it is hot.
- Brace yourself behind the door, crouch low, and open the door slightly if it is warm.
- Stay low if the area is smoky. If heat or heavy smoke is present, close the door and stay in your room.

Leaving the building

- Look for all available exits, including fire escapes, and use the quickest, safest route.
- Try to rescue others ONLY if you can do so safely on your way out of the building.
- Move away from the building and out of the way of the fire department.
- Do not go back into the building until the fire department says it is safe to do so.

Call emergency responders

- Dial 9-1-1.

- Give as much information as possible to the 9-1-1 operator.
- Call the Department of Public Safety at 978-556-3333 to report the location of the fire after you call 9-1-1.

In case of a hazardous material spill or leak, evacuate immediately. Shut down hazardous equipment or processes before leaving, unless doing so presents a greater hazard or a safety concern for you.

Remember to close all doors behind you as you leave if it is safe to do so.

Assist anyone who may be in danger on your way out of the building if you can do so without endangering yourself. Exit the building in a calm manner using the stairs - never use elevators. After you have left the building, go to a safe location at least 500 feet away from the building and upwind from any hazardous chemical incidents. Remain outside the building, even if the alarm is silenced, until the fire department has given the "all clear". Maintain a safe distance from the building, to allow ample room for emergency personnel and equipment to access the building.

If all routes are blocked, or you are unable to get down the stairs due to a disability:

- Go back to your room, close the door, and call 9-1-1 to report your location.
- Seal the cracks around the door to prevent smoke from entering.
- Open the window a few inches for fresh air and hang a brightly colored cloth or out the window to alert the Fire Department to your location. If you have a flashlight, use it to signal at night.
- If smoke gets in your room, keep low and dampen a cloth with water, place it over your nose and breathe lightly through it.
- Stay calm.

SHELTER: provides protection from external hazards, minimizes the chance of injury and/or provides the time necessary to allow for a safe evacuation. It is generally called when the need for personal protection is necessary.

A shelter order may be issued for several reasons including:

- Severe weather
- Hazardous materials

When a shelter is ordered:

- Remain CALM.
- Faculty should recommend to students and others not to leave or go outside.
- Select a small interior room, above the ground floor, with no or few windows and air vents if possible.
- Stay away from all windows and doors.
- If you are told there is danger of explosion, close the window shades, blinds, or curtains.
- Room(s) should have adequate space for everyone to be able to sit down comfortably.
- Avoid overcrowding by selecting several rooms when necessary and possible.
- In extreme weather situations, relocate to a lower-level interior section of the building.

For external chemical, biological or radiological incidents:

- Stay inside and move to an inner corridor or office.
- Facilities may shut down all building ventilation fans and air conditioners, when necessary and appropriate.
- Since many chemical agents are heavier than air and tend to hold close to the ground move to higher levels of the building if possible, to reduce the transfer of contaminated air from outside to inside.

- Remain alert for instructions and updates as they become available from the emergency personnel and college administrators.

Emergency Response Drills

The College conducts an emergency response drill/exercises each year, such as a tabletop exercise, and tests the emergency notification system(s) on campus.

If there is an immediate threat to the health or safety of students or employees occurring on campus, an institution must follow its emergency notification procedures. An institution that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances; however, the institution must provide adequate follow-up information to the community as needed.

Security of and Access to Campus Facilities

Campus Alarms

Campus facilities are alarmed to detect fire and smoke. All fire and smoke alarms register with a central operator. The Haverhill and Lawrence Fire Department, depending on the campus, receives notice of all fire and smoke alarms. When notified by alarm or other method, Northern Essex Community College Department of Public Safety officers will respond and assist local first responders.

Access to Academic and Administrative Buildings

The NECC campuses are part of the cities of Lawrence and Haverhill and, as such, are open to the public. The academic and administrative buildings are open to the public, at a minimum, during business hours. Most facilities have individual hours, and the hours may vary at different times of the year. Access to some of these buildings, and individual classrooms/offices within these buildings, is controlled by card access, all of which have varied levels of access. Most academic and administrative buildings do not have Northern Essex Community College Public Safety Department personnel assigned to them. However, Northern Essex Community College Public Safety Department personnel patrol the academic and administrative buildings on a regular basis. Unauthorized persons are not allowed into campus buildings during non-business hours without prior permission or unless accompanied by an authorized person. College staff or students needing access to buildings during non-business hours are required to contact the Department of Public Safety at 978-556-3333.

Policies and procedures for admission into these academic or administrative facilities are established by NECC and enforced by the Northern Essex Community College Department of Public Safety.

Northern Essex Community College Department of Public Safety personnel conduct routine patrols of all campus buildings in both Haverhill and Lawrence to evaluate and monitor security related matters.

Access to Buildings for Maintenance and Repair

Regular maintenance, alterations, and repairs of NECC facilities are performed by the College's Facilities Department and outside contractors retained by the College. The College's Facilities Department is responsible for the structural, mechanical, and electrical maintenance of all College buildings. Typical services provided by the Facilities Department, which interacts with the Department of Public Safety to provide safety and security to the College community, include:

- Electricity and lighting
- Elevators
- Custodial services

- Doors and locks
- Heat
- Window and door glass

The campus is maintained in a manner to minimize hazardous conditions. However, whenever unpredictable failures occur or additional maintenance work is required beyond normally scheduled maintenance, community members may report problems to the Department of Public Safety Desk (extension 3333 from any campus phone and 978-556-3333 from any non-campus or cell phone). This is a 24 hour a day, year-round system that ensures requests are logged in a timely manner.

Alcohol and Drug Policies

NECC campuses and activities are not sanctuaries from federal, state, and local laws. NECC prohibits the unlawful use, possession, sale, distribution, or manufacture of illicit drugs and/or alcohol by any student and visitor of the College while on College property, while performing any work for the College on or off the premises, or while otherwise participating in any College activities on or off the campus. Students found in violation of the College alcohol policy or engaging in misconduct related to the abuse of alcohol, whether on or off campus, will be subject to disciplinary action under the Student Code of Conduct as well as to prosecution. NECC enforces the Massachusetts underage drinking law and state and federal drug laws.

NECC neither permits nor condones the possession, use, or sale of illegal drugs and narcotics. Violators are subject to College disciplinary procedures, as well as to criminal prosecution under state and federal laws. Dealing in narcotics or illegal drugs anywhere on campus will result in disciplinary action by the College. Conviction for drug-related offenses in any jurisdiction may affect a student's eligibility for federal, state, or College financial aid.

The College falls within federal and state Drug-Free School Zone laws. Violations of drug and liquor laws are reported under the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, and under Massachusetts law.

Standards of Conduct

The unlawful possession, use, or distribution of illegal drugs or alcohol by any student or employee on College property or in conjunction with any College activity is prohibited.

Disciplinary Sanctions

The College will impose disciplinary sanctions on students and employees who violate College standards of conduct. In addition, students or employees who violate public law are subject to criminal prosecution. Conviction may result in fines, imprisonment, and revocation or loss of eligibility to receive federal funding (such as grants and financial assistance) and other privileges. College-imposed discipline may include sanctions up to and including expulsion of a student or termination of employment, in addition to referral for criminal prosecution. Disciplinary sanctions may include required participation in a treatment, counseling, or other approved rehabilitation program.

Financial Assistance

By federal law, students convicted of drug offenses committed while receiving Title IV federal financial aid may be ineligible for federal financial aid for one or more years from the date of conviction.

Marijuana Laws in Massachusetts

Although Massachusetts law permits the use of medical marijuana and the possession, use,

distribution and cultivation of marijuana in limited amounts, federal law, including the Federal Controlled Substances Act of 1970, the Drug Free Workplace Act of 1988 and the Drug Free Schools and Communities Act of 1989, prohibits the possession, use, distribution and/or cultivation of marijuana at educational institutions. Further, as marijuana remains classified as an illegal narcotic under federal law, institutions of higher education that receive federal funding are required to maintain policies prohibiting the possession and use of marijuana on their campuses. Accordingly, the possession, use, distribution, or cultivation of marijuana, even for medical purposes, is prohibited on all Northern Essex Community College property or at College sponsored events and activities. Also prohibited is the operation of a motor vehicle while under the influence of marijuana on Community College property or at College sponsored events or activities. Further, this policy prohibits the possession, use, or distribution of all marijuana accessories and marijuana products. Marijuana accessories shall include, but are not limited to, any device or equipment used for ingesting, inhaling, or otherwise introducing marijuana into the human body. Marijuana products shall include, but are not limited to, products that are comprised of marijuana and other ingredients and are intended for use or consumption, such as, but not limited to, edible products.

Violations of this policy by any student or employee shall result in disciplinary action, up to and including expulsion or termination in accordance with applicable College policies or collective bargaining agreements.

Description of Health Risks

Serious health and personal risks are associated with the use of illegal drugs and abuse of alcohol. They may include temporary or permanent physical or mental impairment, injury, or death. Use and abuse of such substances may also give rise to conduct which causes injury, death, or damage to the user/abuser or to the person or property of others, resulting in criminal or civil prosecution and liability. Use and abuse of such substances may also lead to unsafe and/or nonconsensual sex, unwanted pregnancy, and may cause defects, injury, or death in unborn children. Consequences also include temporary or permanent loss of educational or employment opportunities.

Additional resources are available for all members of the NECC community in Counseling Services located in Behrakis Student Center (SC Building) room: SC-212 B (Haverhill) and John R. Dimitry (L) Building room: L-115 (Lawrence).

Drug and Alcohol Counseling, Treatment or Rehabilitation Programs

Ongoing health education programs are offered at the College that may include speakers, and informative programs on the health risks involved with alcohol and substance abuse.

Additionally, students are encouraged to voluntarily avail themselves of treatment for a substance use disorder. Counseling Services maintain written materials on drug and alcohol addiction and abuse.

Counseling services are available to help students with substance and alcohol abuse and to aid with referrals to outside agencies and programs. Appointments can be made by calling the Counseling Services located in Behrakis Student Center (SC Building) room: SC-212 B (Haverhill) and John R. Dimitry (L) Building room: L-115 (Lawrence). Counseling services maintain strict confidentiality of records and the counseling relationship is not shared with anyone inside or outside the College unless a written release to do so is provided by the student or the life of the student or another person is in imminent danger.

Firearms and Other Weapons

It is the policy of NECC that no one is permitted to carry a firearm on the grounds or in a college building. The pertinent legislation, Chapter 269, section 10 of the Massachusetts General Laws states in part:

(j) Whoever, not being a law enforcement officer, and notwithstanding any license obtained by him under the provisions of chapter one hundred and forty, carries on his person a firearm as hereinafter defined, loaded or unloaded or other dangerous weapon in any building or on the grounds of any elementary or secondary school, college or university without the written authorization of the board or officer in charge of such elementary or secondary school, college or university shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both. For the purpose of this paragraph, "firearm" shall mean any pistol, revolver, rifle, or smoothbore arm from which a shot, bullet or pellet can be discharged by whatever means.

Any officer in charge of an elementary or secondary school, college or university or any faculty member or administrative officer of an elementary or secondary school college or university failing to report violations of this paragraph shall be guilty of a misdemeanor and punished by a fine of not more than five hundred dollars.

Employees must report any suspected violation of this Policy/Law to the respective campus (Haverhill or Lawrence) Public Safety Office, or the College Vice President of Administration and Finance.

A law enforcement officer present as a student and wishing to carry a firearm shall obtain such written authorization. This form is available in the Office of the Vice President of Administration and Finance.

The possession of weapons of any kind, including replicas, is strictly prohibited on campus. This includes, but is not limited to, firearms, all chemical sprays, knives, explosives, other weapons, or dangerous chemicals. The College will impose disciplinary sanctions on students and employees who violate College regulations and standards of conduct regarding weapons. Violations of weapons laws are reported under federal and state law.

Carrying an illegal weapon is a felony punishable by up to five years in state prison. Students or employees who violate public law are subject to criminal prosecution and College sanctions. A conviction for unlawfully carrying a firearm without a license in Massachusetts mandates a one-year jail sentence.

The following crimes are reported as part of this report. The following definitions are from the federal Uniform Crime Reporting ("UCR") Handbook and are used to report these statistics.

- **Aggravated Assault:** An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Statistics for Referred Violations

The Clery Act includes statistics for weapons, drug, and liquor law violations as described above that are referred for disciplinary action. Clery defines “referred for disciplinary action” as the referral of any person to any official who initiates a disciplinary action of which a record is kept, and which may result in the imposition of a sanction. All referrals are managed by the Office of Student Conduct. Most often, these are reports from Student Affairs staff.

Location definitions from the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act:

Violence Against Women Act

NECC prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking (as defined by the Clery Act) and reaffirms its commitment to maintaining a campus environment that emphasizes the dignity and worth of all members of the college community. Toward that end, NECC issues this statement of policy to inform the campus community of our programs to address domestic violence, dating violence, sexual assault and stalking as well as the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to an NECC official.

Assault with intent to commit rape is a crime under G.L. c. 265, § 24. "**Assault with intent to commit rape**" is not defined by statute.

- **Stalking** is a crime under Massachusetts General Laws, Chapter 265 § 43(A). Stalking is defined as: "Whoever (1) willfully and maliciously engages in a knowing pattern of conduct or series of acts over a period of time directed at a specific person which seriously alarms or annoys that person and would cause a reasonable person to suffer substantial emotional distress, and (2) makes a threat with the intent to place the person in imminent fear of death or bodily injury, shall be guilty of the crime of stalking and shall be punished by imprisonment in the state prison for not more than 5 years or by a fine of not more than \$1,000, or imprisonment in the house of correction for not more than 2 ½ years or by both such fine and imprisonment. The conduct, acts or threats described in this subsection shall include, but not be limited to, conduct, acts or threats conducted by mail or by use of a telephonic or telecommunication device or electronic communication device including, but not limited to, any device that transfers signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo-electronic or photo-optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications.
 - For the purposes of obtaining a harassment prevention order under Massachusetts General Laws, Chapter 258E, harassment is defined as (i) 3 or more acts of willful and malicious conduct aimed at a specific person committed with the intent to cause fear, intimidation, abuse or damage to property and that does in fact cause fear, intimidation, abuse or damage to property; or (ii) an act that: (A) by force, threat or duress causes another to involuntarily engage in sexual relations; or (B) constitutes a violation of section 13B, 13F, 13H, 22, 22A, 23, 24, 24B, 26C, 43 or 43A of chapter 265 or section 3 of chapter 272.

- **Consent** the state of Massachusetts **does not** legally define consent. However, the following is a general definition for educational purposes. Consent is a voluntary affirmative agreement to engage in sexual activity proposed by another and requires mutually understandable and communicated words and/or actions demonstrating agreement by both parties to participate in all sexual activities. Appropriate sexual behavior requires consent from all involved parties. Consent must be freely informed without physical force, threats, intimidation behavior, duress, or coercion. Silence, a lack of resistance, previous sexual relationships, or experiences, and/or a current relationship may not, in themselves, be taken to imply consent. The initiator, or the person who wants to engage in the specific sexual activity, must obtain consent from the partner(s) for each sexual act; both parties may be initiators at different points of sexual activity; a person's initiation of a sexual act constitutes consent to that act; but not necessarily to subsequent acts. Consent to sexual activity may be withdrawn at any time, as long as the withdrawal is communicated in mutually understandable words and/ or actions; sexual activity must cease immediately. Note: Intoxicated persons do not have the ability to give consent.

Campus Sex Crimes Prevention Act

The Federal Campus Sex Crimes Prevention Act requires colleges and universities to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. The Act also requires registered sex offenders to provide to appropriate state officials notice of each institution of higher education at which the offender is employed, carries on a vocation, or is a student. The NECC community may access information regarding sexual offenders by contacting the Haverhill (978) 373-1212 or Lawrence (978) 794-5900 Police Departments or by contacting the Massachusetts Executive Office of Public Safety (617) 727-7775. Access the sexual offender webpage through the following link: www.mass.gov/eopss/agencies/sorb.

Improper Use of Sex Offender Registry Information

Information contained in the Sex Offender Registry shall not be used to commit a crime against an offender or to engage in illegal discrimination or harassment of an offender. Any person who improperly uses Sex Offender Registry information shall be punished by not more than two and one-half years in the house of correction or by a fine of not more than \$1,000 or by both such fine and imprisonment.

Sexual Assault

Sexual assault is a crime punishable by both civil and criminal legal action. The student conduct process is administered through the Title IX office. NECC also encourages victims to prosecute alleged perpetrators to the fullest extent of the law. There are several avenues for assistance if a person becomes the victim of a sex offense which are described below.

Victims of sexual assault tend to feel a variety of conflicting emotions: rage, fear, depression, relief to have survived, numbness and exhaustion, to name just a few. Two vital points to remember are that the assault was not your fault and there is help available.

Northern Essex Community College's Department of Public Safety trains every police officer on protecting the rights of victims and witnesses of crimes. Referral information is accessible at all times regarding area services available for general counseling, medical attention, emergency housing or financial assistance. Responsiveness to the needs of crime victims is a priority for the Department of Public Safety.

Sexual Assault Education and Prevention

NECC students receive information about the prevention of sexual assaults, date rape and acquaintance rape through various programs including information about prevention at Student Orientation.

Information is also available through the Department of Public Safety and NECC Health Services. The College also brings in outside organizations such as the Lawrence YWCA, which provide interactive educational programs.

IF A SEXUAL ASSAULT HAPPENS TO YOU:

- Go to a safe location.
 - Contact the local police for immediate assistance and information. 978-556-3333 for Northern Essex Community College Public Safety Department or 9-1-1.
- Go the closest hospital Emergency Room. A qualified physician or nurse will examine you for injuries and collect physical evidence that could be used in criminal proceedings if you decide to prosecute. Hospital nurses have been trained and are certified to aid victims of sexual assaults.
- The preservation of evidence is important for the proof of a criminal offense. If possible, do not change your clothes, shower, or eat or drink between the rape and the trip to the emergency room. Bring a change of clothes with you because the police will need the clothes you were wearing for evidence.
- The physical exam is provided at no cost to you.
- Having a physical exam does not mean that law enforcement must be notified, or the offender prosecuted.
- Even if you do not wish to prosecute, it is important that you have a physical exam after the attack. Besides bruises or other physical injuries, the perpetrator might have passed on a sexually transmitted disease that requires treatment.
- You may seek counseling from NECC Counseling office. The main contact number for Counseling and Psychological Services is 978-556-3730.

Title IX

Individuals may also report a sex offense to NECC's Title IX coordinator. State and Federal Law, including Title IX of the Education Amendments of 1972 prohibits all sex discrimination and Title IX Sexual Harassment in all College operations, as well as retaliation for the purpose of interfering with any right or privilege secured by Title IX. The College takes all allegations of Sexual Misconduct seriously and is committed to providing an environment that is free of sexual misconduct. The Title IX Coordinator oversees compliance with Title IX regulations and:

- Is a resource for students regarding their rights under Title IX, filing a complaint within the College, and their rights to file a criminal complaint;
- Conducts investigations on reports of sexual misconduct. The Title IX Coordinator does not play a role in the Student Conduct Process. The Student Conduct Coordinator will oversee the Student Conduct
- Process of Title IX complaints. (See "Structure of the Student Conduct Process" for information on the Conduct Process);
- Makes recommendations for the implementation of any interim measures or accommodations that are necessary to ensure a victim's wellbeing/safety; and
- Develops and/or provides training, programs, and education to students regarding sexual misconduct and harassment.

In accordance with the requirements of Title IX, NECC has appointed Elizabete Trelegan as the Title IX Coordinator. She can be reached at 978-556-3928, or by email at etrelegan@necc.mass.edu. Her office is located on the Haverhill Campus in B-219. The institution's sexual harassment policy can be found in the [employee handbook](#) as well as the [Student Code of Conduct](#). The College's Policy on Affirmative Action, Equal Opportunity, & Diversity can be found here: [Know Your Title IX](#)

Reporting Sexual Misconduct, Domestic/Dating Violence, and Stalking

NECC understands that incidents of sexual harassment, domestic/dating violence, and stalking are sensitive in nature and can be emotional for all parties involved and will be handled with the utmost care and sensitivity. While we encourage students who are victims of sexual harassment, domestic/dating violence, and stalking to file a complaint and seek immediate medical treatment, it is at the sole decision of the victim if and when they choose to seek medical treatment. The preservation of evidence is important for the proof of a criminal offense and/or may be helpful in obtaining a protection order. Public Safety staff members are available 24/7 for victims who wish to have immediate support.

Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs

The Importance of Preserving Evidence

After an incident of sexual assault, dating violence or domestic violence, the victim should consider seeking medical attention as soon as possible at a local area hospital offering physical evidence recovery kit collection/access to forensic nurse examiners/sexual assault nurse practitioners. In Massachusetts, evidence may be collected even if you chose not to make a report to law enforcement.¹

Anonymous Reporting is the decision by a victim not to report a sexual assault, or to file an anonymous report with law enforcement, which may occur for a variety of reasons. Pursuant to MGL c112, § 12A½, regardless of the victim's decision to report the assault to law enforcement, when a victim seeks medical treatment, the hospital is required to report the assault to the law enforcement entity of the jurisdiction using a Provider Sexual Crime Report (PSCR) **without reference to the patient's name or address**. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In cases of sexual assault, dating violence or domestic violence, victims should elect to have a forensic examination done at a local hospital from a specially trained Sexual Assault Nurse Examiner (SANE) nurse. There are SANE nurses on call at the Lawrence General Hospital (978-683-4000 ext. 2500) 1 General St Lawrence, MA 01841, Lowell General Hospital (978-937-6000) 295 Varnum Ave Lowell, MA 01854, and in the Boston area, Boston Medical Center (617.638.8000) One Medical Center Place Boston, MA 02118. Choosing to obtain a forensic examination does not require the victim to file a police report. Having a forensic examination conducted does help to preserve evidence should the victim choose to file a police report later. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of sexually transmitted diseases, and/or pregnancy if the victim is a female.

Victims of sexual assault, domestic violence, stalking and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs, or other copies of document, if they have any, that would be useful NECC adjudicators/investigators or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Northern Essex Community College Department of Public Safety or other law enforcement to preserve evidence in the event the victim decides to report the

¹ Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not "require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both."

incident to law enforcement or the College at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

How and to Whom the Alleged Offense Should be Reported

Please be advised all Responsible Employees of NECC who are made aware of an incident of sexual misconduct are required by Federal Law to file a report regarding the incident and individuals involved with the Title IX Coordinator, unless they are exempt from the reporting obligation as defined under Title IX and Clery because they are professional or pastoral counselors. These reports will include the names of the victim and the accused, along with all relevant facts regarding the incident. A Responsible Employee includes any College employee: who has the authority to take action to redress these offenses; who has been given the duty of reporting to the Title IX Coordinator or other appropriate school designee; or whom a student could reasonably believe has this authority or duty.

The Title IX Coordinator is required by federal law to provide an **unidentifiable** statistical report regarding sexual misconduct to the Department of Public Safety. This is in accordance with the Clery Act. The **only information** that is shared is that an incident of sexual misconduct has taken place, the type of sexual misconduct, and the general location of the incident (e.g., on or off campus). To file a report of sexual misconduct, domestic/dating violence, and stalking students may contact any of the following departments:

As the students at the College are viewed as adults, guardians and/or parents will not be notified when a student is involved in a claim of sexual misconduct. Students are encouraged to speak with their

guardian and/or parent when they are involved in a matter of sexual misconduct. Should a guardian or parent wish to speak with the Title IX Coordinator or any other employee regarding a matter of sexual misconduct, a FERPA waiver will need to be fully executed prior to any conversation. Students have the right to execute or withdraw a FERPA waiver at any time. Click [here](#) for a FERPA waiver form. Should a student be found responsible for violation of this policy and is separated from the college, suspended, or expelled guardians and/or parents are generally notified at that time.

In addition, the Northern Essex Community College Department of Public Safety will make every effort to protect the confidentiality of the victims. While police reports are not publicly available, daily crime logs are available 24/7. However, they will be redacted to ensure the victim remains confidential. The College does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued on the basis of a report of a domestic violence, dating violence, sexual assault, or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

No Contact Orders

The **Title IX Coordinator** issues no Contact Orders. No Contact Orders are mandatory and may be issued immediately once the crime has been reported to the Title IX Coordinator.

Orders of Protection

Students and staff may work with the **Northern Essex Community College Public Safety Department** on how to obtain a restraining order, or an order can be obtained through the local court where the crime is, or was, being committed. If assistance is needed in obtaining an order, any of the above campus resources can be contacted for help.

Restraining Orders

The Abuse Prevention Law, Massachusetts General Laws 209A, was enacted to help keep domestic partners and people involved in dating relationships from being abused. The law permits a court to issue a protection order requiring that an abuser cease abusive conduct on the threat of incarceration. The police are responsible for enforcing the violation of the restraining order. Protection offered under the Abuse Prevention Law only applies to "family or household members" which are defined by M.G.L. c209A s.1 as people who are or were:

- Married;
- Living together;
- Related by blood or marriage;
- Parents of a common child regardless of whether they have ever been married or lived together; or
- Involved in a substantial dating or engagement relationship

If an individual decides to file a complaint for a restraining order or has questions regarding a restraining order, **contact the Northern Essex Community College Department of Public Safety at 978-556-3333** for assistance during the following process.

To obtain a restraining order, a victim is required to file an Application for a Complaint for Protection from Abuse at the local court (this is a civil complaint, not a criminal one). Afterwards, the victim will speak to a judge or clerk to explain what happened and why a protective order is necessary. The judge will then decide whether to grant a Temporary Order, which is valid for ten (10) business days. If the Temporary Order is granted, the party will be given a copy of the order and a summons to return to court within ten (10) business days for a hearing on whether to extend the order. The accused will also be sent a summons to appear and the police will attempt to serve the order upon that person. The hearing will allow both the victim and the abuser an opportunity to tell what happened.

A person applying for a restraining order is allowed to bring any witnesses or evidence that might tend to support the request. If the accused does not appear, the hearing will proceed and may result in the order being extended. The victim must appear at this hearing or the order will automatically be vacated. If you need immediate protection from your abuser contact the Northern Essex Community College Department of Public Safety at 978-556-3333, or if off-campus, call 9-1-1. If you believe you are in danger in your relationship, or in a situation involving a domestic/dating partner, consider ways to leave your present situation safely. The police will assist you in obtaining an emergency restraining order valid until the next court business day. Once the order has been issued you will be given a copy and the police will attempt to serve a copy to the accused.

Violation of an Abuse Prevention Order is a crime. If a person subject to an order violates it, call the police immediately. If you are on campus or are in the immediate area call 978-556-3333. If you are off campus call 9-1-1. Explain to the police that the subject of the order has violated it and that you need help right away. If the subject has left the scene, try to provide the direction of flight and a physical clothing description. If the police are unable to locate the subject, the Northern Essex Community College Department of Public Safety will assist you in going to court where you may file an application for a criminal complaint.

Remember to keep the order on you at all times. Inform family, friends, neighbors, and roommates that you have a restraining order. Do not hesitate to call the police immediately if the accused violates the order.

If you are leaving an abusive relationship, remember that doing so can be very difficult and dangerous. Make sure you have a safety plan in place, including identifying ahead of time a safe place to go during an emergency. Bring along your important documents (driver's license, checkbooks, custody documents, etc.), and tell a friend. Let someone you trust help you take the first step.

Harassment Orders

All members of the NECC community have the right to be free from being harassed and or placed in fear. The law provides victims of harassment the ability to obtain relief from the courts even in the absence of a personal relationship to the harassing party. Massachusetts General Laws Chapter 258E, fills a critical gap in the law to protect victims of criminal harassment, stalking, or sexual assault from being harassed repeatedly regardless of their relationship with the perpetrator by allowing the court issue orders of protection from harassment. If you are a victim of harassment, contact the Northern Essex Community College Department of Public Safety immediately for assistance if the harassment is occurring when you are on-campus. Alternatively, you should call the police agency having jurisdiction over your location if the harassment occurs while you are off campus. The procedure for filing for a Harassment Prevention Order is the same as filing for a restraining order described above.

Complaint Procedure

Application of Policy

The complaint procedure is intended to provide a mechanism to investigate, and where possible resolve, complaints of alleged violations of this policy against employees and students. The procedures outlined below are intended to ensure that the college will conduct an impartial, fair, effective, and efficient investigation of all allegations of discrimination without fear of retaliation. The complaint procedure is available to any employee or student who believes he/she has been discriminated against based on a protected classification or retaliation. A complaint filed in another forum does not preclude a student or employee from filing a complaint under this policy. Further, a complaint filed in another forum, including a criminal or civil complaint, shall not delay an investigation of a complaint filed under this policy.

Confidentiality of Process

The complaint procedure will be conducted as confidentially as reasonably possible to protect the privacy rights of all individuals involved. The college may share information concerning the complaint with parties, witnesses and/or others during any phase of the procedure on a need-to-know basis and shall share information with union representatives as provided for in G.L.C.150E. All individuals with whom information is shared shall be advised of the confidential nature of the information and directed not to discuss the matter with anyone other than a personal advisor, if applicable.

Complainant Requests Confidentiality

Where a complainant requests that no action be taken by the college or requests that her/his identity not be revealed, the college shall take reasonable steps to investigate and respond to the complaint but shall

inform the complainant that such a request may hamper its ability to fully investigate an alleged violation of this policy and/or to take appropriate remedial steps, including disciplinary action. Where an allegation of Prohibited Conduct involves the potential of an ongoing threat to the health, safety or security of the College or a potential adverse employment action, the Affirmative Action Officer, or in the case of an allegation of Title IX Sexual Harassment, the Title IX Coordinator, shall inform the Complainant that it cannot ensure confidentiality and disclosure of their name may likely be required.

Anonymous Report

Any individual may file an anonymous report concerning any Prohibited Conduct or Title IX Sexual Harassment referenced under this Policy. An individual may report the incident without disclosing his/her name, identifying the respondent, or requesting any action. An anonymous report may be filed with the Affirmative Action Officer or, in the case of an allegation of Title IX Sexual Harassment, the Title IX Coordinator. Depending on the level of information available about the incident or the individuals involved, however, the College's ability to respond to an anonymous report may be limited (e.g., offering supportive measures to a Complainant of Title IX Sexual Harassment).

Off Campus Behavior

The College reserves the right to investigate alleged Prohibited Conduct under this Policy occurring off-campus when such conduct adversely affects the College Community, poses a threat of harm to the College Community; interferes with the College's pursuit of its educational objectives and mission, and/or if a student or employee is charged with a serious violation of state or federal law. Title IX Sexual Harassment occurs in the College's education program or activity, against a person in the United States. Education program or activity includes locations, events, or circumstances over which the College exercised substantial control over both the Respondent and the context in which the conduct occurs, and includes any building owned or controlled by a student organization that is officially recognized by the College.

Interim Action and Emergency Removal

The College reserves the right to suspend a student on an interim basis or place an employee on paid administrative leave prior to completing an investigation under this Policy when it reasonably concludes that a student or employee: (a) poses a threat to health or safety; (b) poses a threat to College property or equipment; (c) is disruptive or interferes with the normal operations of the College; or (d) is charged with a serious violation of state or federal law. In such cases, the College shall provide the employee or student of the specific reason(s) for the interim action. During a student's interim suspension or an employee's leave, the College reserves the right to prohibit the individual from entering upon the College's property or participating in any College activities absent written authorization from an appropriate official of the College.

In the case of a Title IX Sexual Harassment claim, the College must base its decision to institute interim action an (e.g., emergency removal) on the following factors: (1) It undertakes an individualized safety and risk analysis, (2) determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Title IX Sexual Harassment justifies removal, and (3) provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. A respondent subject to emergency removal from the Title IX Coordinator may appeal the decision per the Appeal procedure below in Step 4 of the Title IX Sexual Harassment Complaint Process. The College shall make reasonable efforts to minimize disruption in the professional or educational experience of all affected parties. The College, Complainant, and Respondent will take reasonable efforts to preserve all relevant materials to a complaint, including communications (e.g., email and voice) and documents.

Joint Investigation

In some circumstances a Responding Party's conduct may constitute a potential violation of this Policy

and/or other conduct policies applicable to employees or students. In such cases, in order to avoid duplicative investigatory efforts, a joint investigation under this Policy may be conducted by the AAO or, in the case of an alleged Title IX Sexual Harassment, the Title IX Coordinator, and the administrator charged with enforcing conduct policies. For example, if the Responding Party is a student, the Affirmative Action Officer (or Title IX Coordinator if a Title IX Sexual Harassment is alleged) and Student Code of Conduct Officer may jointly investigate the complaint. Based on the findings of their joint investigation, the student may be subject to disciplinary action for violations of this Policy and/or the Student Code of Conduct. Where the Responding Party is an employee, a joint investigation may be conducted by the Affirmative Action Officer (or Title IX Coordinator if a Title IX Sexual Harassment is alleged) and the employee's supervisor. Based on the findings of their joint investigation, the employee may be subject to disciplinary action for violations of this Policy and/or for inappropriate and unprofessional conduct.

Collateral Rights of Employees

Any disciplinary action taken against an employee shall be regarded as an administrative action subject to all terms and conditions of applicable collective bargaining agreements or personnel policies.

Complaints of Sex Discrimination, Sexual Harassment or Sexual Violence

The Title IX Coordinator shall have the responsibility for administering this policy relative to complaints of sex discrimination, sexual harassment, and sexual violence.

Title IX Sexual Harassment Complaint Process

Formal Complaint Requirement

This Title IX Sexual Harassment Complaint Process shall be available for allegations involving a Formal Complaint of Title IX Sexual Harassment.¹ The College may consolidate Formal Complaints as to allegations of Title IX Sexual Harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations arise out of the same facts or circumstances. A party may raise concerns to the Title IX Coordinator (or designee) as to any consolidation; however, the College retains the right to proceed with any consolidation in its sole discretion.

Jurisdiction of the College

By simultaneous written notice to the parties, the College *must* dismiss any Formal Complaint with regard to that conduct for purposes of Title IX Sexual Harassment, if the conduct alleged:

- Would not constitute Title IX Sexual Harassment as defined, even if proven;
- Did not occur in the College's education program or activity; or
- Did not occur against a person in the United States.

The College *may* dismiss any Formal Complaint for the purposes of Title IX Sexual Harassment if:

- A Complainant withdraws the Formal Complaint or any allegations therein;
- The Respondent is no longer enrolled or employed by the College; or
- Specific circumstances prevent the College from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

In the case that a Formal Complaint is precluded from review under the Title IX Sexual Harassment Complaint Procedure for jurisdiction purposes, the College reserves the right to address such other complaints under the Complaint Process

Step 1 – Investigation

Upon receipt of a Formal Complaint (preferably in the format of Appendix C), the Title IX Coordinator (or designee) must promptly contact the Complainant confidentially to discuss the availability of supportive measures and resources, consider the Complainant's wishes with respect to these supportive measures, and explain to the Complainant the Title IX Sexual Harassment Complaint Process. If a student is involved, the Title IX Coordinator shall notify the Vice President or Dean of Student Services.

Within five (5) days of receiving a Formal Complaint, the Title IX Coordinator will notify the Respondent in writing of the Formal Complaint (see Appendix D), provide the Respondent with a copy thereof and discuss supportive measures. The timeliness of such notification shall be in accordance with the appropriate collective bargaining agreement, if applicable. The Respondent shall have five (5) days from receipt of notice to submit to the Title IX Coordinator a written response to the Formal Complaint.

Where practicable, within fifteen (15) days from the date the Respondent's written response is received, or the date it was due if none was submitted, the Title IX Coordinator shall conduct an investigation and issue all evidence³ gathered to the parties (and Advisors) for review and written response within ten (10) days upon their receipt.⁴ Upon receipt of said parties' written response(s), or the date they were due if none were submitted, the Title IX Coordinator will have ten (10) days to complete and send an investigative report that fairly summarizes the relevant evidence to each party (and Advisor) for their review and written response within ten (10) days upon their receipt. Within ten (10) days of receipt, the Title IX Coordinator shall review the responses (if any) and prepare and submit the final investigative report including all relevant evidence (and including a section denoting all evidence submitted that was found by the Title IX Coordinator not to be relevant) to the Decision Maker; simultaneously, the Title IX Coordinator shall notice all parties of a hearing date that shall take place no later than ten (10) days later. Any request by a party to extend a deadline established under this Procedure shall be presented in writing to the Title IX Coordinator.

Step 2 – Hearing

The Title IX Coordinator (or designee) will be responsible for coordinating the hearing process. The Decision Maker shall be responsible for conducting the hearing. The duties of the Title IX Coordinator will include: scheduling the hearing; notifying the parties, advisors, and witnesses of the hearing; ensuring that the trained Decision Maker is provided with appropriate materials including a copy of the final investigative report and any exhibits; coordinating videoconferencing (if necessary); and securing a location for the hearing. The Title IX Coordinator will also act as liaison between the parties and the Decision Maker on procedural matters. A hearing is conducted in private. If a Respondent or Complainant has a good faith belief that the individual selected as the Decision Maker has a specific bias or conflict of interest, they may file a request with the Title IX Coordinator (or in instances where the Title IX Coordinator is serving as the Decision Maker, the request shall be directed to the individual selected as the designee in Step 1 - Investigation) for a replacement within two (2) calendar days of being noticed of the Decision Maker's identity. The Title IX Coordinator (or designee) shall review the request and make a decision in no more than three (3) calendar days either granting the request or providing reasons for denying the request. All procedural questions are subject to the final decision of the Decision Maker.

In general, hearings will proceed as follows:

- a.** The Decision Maker shall summarize the Hearing Policy and allow the Title IX Coordinator the opportunity to briefly state the allegations and summarize the investigative report.
- b.** Each party's advisor will be given the opportunity to question the other party and any witnesses by presenting questions to the Decision Maker (including questions on credibility). If the Decision Maker determines a question is relevant, the other party will be asked to respond.
- c.** The Decision Maker shall have a final opportunity to question the parties.
- d.** The Decisions Maker will conclude the hearing by informing the parties that they will issue a decision to the parties and their advisors within ten (10) days, and that it will be based upon a Preponderance of the Evidence standard (e.g., more likely than not).

Hearing Policy

Questions and evidence about a Complainant's prior sexual behavior will be deemed irrelevant unless offered to prove that someone other than the Respondent committed the alleged misconduct or offered to prove consent.

If a party does not have an advisor present at the live hearing, the College will choose a trained member of the community, to conduct cross examination on behalf of that party. All advisors are limited to active participation in the question and follow-up cross-examination part of the live hearing. Further, Advisors are the only parties allowed to present questions (cross-examination or otherwise) to the Decision Maker. Generally, live hearings may be conducted with all parties physically present in the same geographic location. At the request of either party, the College must provide for the live hearing to occur with the parties located in separate rooms with technology enabling the Decision Maker and parties to simultaneously see and hear the party or the witness answering questions.

Only relevant questions or cross-examination questions may be asked of a party or witness. Before a Complainant, Respondent, or witness answers a cross-examination or other question, the Decision-Maker must first determine whether the question is relevant and explain to the party's Advisor asking cross-examination questions any decision to exclude a question as not relevant. If a party or witness does not submit to cross-examination at the live hearing, the decision-maker(s) must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the decision-maker(s) cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

Formal rules of evidence applied in courtroom proceedings (e.g., Massachusetts Evidence Code) do not apply in the hearing. The Decision Maker will make an official audio recording of the hearing. The recording is College property. No other recording of the hearing is permitted. The audio recording will be retained by the Title IX Coordinator in accordance with the College's records/information retention and disposition schedule. Access to the recording will be made available to the parties for inspection and review, however, parties are prohibited from making any copies of such recording. The recording shall only be released in compliance with applicable discovery proceedings in any future legal/administrative proceedings. The Decision Maker controls the hearing, is responsible for maintaining order during the hearing, and makes whatever rulings are necessary to ensure a fair hearing. The Decision Maker's decisions in this regard are final.

Step 3 – Review and Decision by the Decision Maker

The Decision-Maker must issue a written determination regarding responsibility to all parties (and their Advisors) simultaneously, within ten (10) days of the hearing. The written determination must include — Identification of the allegations potentially constituting sexual harassment; A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held; Findings of fact supporting the determination; Conclusions regarding the application of the College's code of conduct to the facts; A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the College imposes on the Respondent, and whether remedies designed to restore or preserve equal access to the College's education program or activity will be provided by the College to the Complainant; and The College's procedures and permissible bases for the Complainant and Respondent to appeal. The determination regarding responsibility becomes final either on the date that the College provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely. The Title IX Coordinator is responsible for effectuating any remedies including referral to appropriate College administrators as may be applicable.

Step 4 – Appeal to the President

A party who is not satisfied with the Title IX Coordinator’s decision to implement an emergency removal or dismiss a Formal Complaint; or, the Decision Maker’s written decision may file an appeal with the President within five (5) days of receiving said decision, respectively on the following bases: procedural irregularity that affected the outcome of the matter, newly discovered evidence that could affect the outcome of the matter, and/or that any Title IX personnel (including the Decision Maker) had a conflict of interest or bias, that affected the outcome of the matter. Where practicable, within five (5) days of receiving the appeal, the President shall issue a written decision simultaneously to all parties, accepting, rejecting, or modifying the decision, describing the result of the appeal and the rationale for the result. The President’s decision is final provided that any corrective action and/or discipline imposed are subject to applicable collective bargaining agreements. If the President is the Respondent, then the Chair of the College’s Board of Trustees shall consider the appeal and issue the written decision.

How to Be an Active Bystander

Bystander Intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who witness violence or the conditions that perpetuate violence. They are not directly involved but have the ability to say something or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt, whether it is domestic or dating violence, sexual assault, or stalking.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

NECC is concerned about your safety with regards to all the crimes covered by the Violence Against Women Act. In the next few pages, we have provided some information on risk reduction, and how to recognize warning signs of abusive behavior or potential attacks. If you are the victim of one of these crimes, please get help through one of the many resources listed in this publication.

NECC encourages bystander intervention only when it is safe to do so. If you or someone else is in immediate danger, call The Department of Public Safety at 978-556-3333 or dial 9-1-1.

Risk Reduction

Risk Reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims to promote safety and to help individuals and communities address conditions that facilitate violence.

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
3. Walk with purpose. Even if you do not know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably is not the best place to be.
5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Do not allow yourself to be isolated with someone you do not trust or someone you do not know.

8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 9-1-1 in most areas of the U.S.).
11. Do not leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you have left your drink alone, just get a new one.
12. Do not accept drinks from people you do not know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, do not drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they have had, or is acting out of character, get him or her to a safe place and medical help immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 9-1-1 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a) Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
 - b) Be true to yourself. Do not feel obligated to do anything you do not want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c) Have a code word with your friends or family so that if you do not feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - d) Lie. If you do not want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

If you are experiencing any of the following signs of abuse, you may be in an abusive relationship. Whether or not you are ready to leave your abuser, there are things you can do to protect yourself. The safety tips below can make the difference between being severely injured or killed and escaping with your life. If you would like help in safety planning, call the Department of Public Safety at 978-556-3333 or the National Domestic Violence Hotline at 800-799-7233.

Are you with someone who:

- Is jealous and possessive toward you, will not let you have friends or family contact, checks up on you constantly via phone, email, or in person, will not accept breaking up?
- Tries to control you by being very bossy, giving orders, making all the decisions, without taking your opinion seriously?
- Puts you down, critical of whatever you do, and undermines everything you say?
- Is scary to the extent that you worry about how they will react to things you say or do?
- Threatens you, uses or owns weapons?
- Is violent and has a history of fighting, loses temper quickly, and brags about mistreating others?
- Pressures you for sex, is forceful or scary with regard to sex?
- Thinks of you as a sex object?
- Attempts to manipulate or guilt-trip you by saying "If you really loved me you would..."
- Gets too serious about the relationship too fast?
- Abuses drugs or alcohol and pressures you to take them?
- Blames you when they mistreat you by saying you provoked them, pressed their buttons, made them do it, or led them on?
- Has a history of bad relationships and blames the other person for all the problems?
- Believes that men should be in control and powerful and that women should be passive and submissive?
- Has hit, pushed, choked, restrained, kicked, or physically abused you?
- Your family and friends have warned you about and told you they were worried for you safety?
- If you are gay, lesbian, bisexual, or transgender, has threatened to 'out' you to family, friends, or your work if you do not comply with certain demands?
- If you are an immigrant, has threatened or tried to turn you in to authorities and get you deported? Or has told you that you are endangering the community?
- If you have health problems, has prevented you from getting treatment, interfered with medication, or made it difficult for you to get to medical appointments?
- If you are older, has threatened to put you in a nursing home or interfered with your ability to get out of the house when you want?

Prepare for Emergencies

- Know your abuser's red flags. Be on alert for signs and clues that your abuser is getting upset and may explode in anger or violence. Come up with several believable reasons you can use to leave the house or your room (both during the day and at night) if you sense trouble brewing.
- If you live off campus identify safe areas of the house. Know where to go if your abuser attacks or an argument starts. Avoid small, enclosed spaces without exits (such as closets or bathrooms) or rooms with weapons (such as the kitchen). If possible, head for a room with a phone and an outside door or window. If you are on campus, you can always come to the Department of Public Safety in C110/112 on the Haverhill campus or 414 Common St on the Lawrence campus.
- Come up with a code word. Establish a word, phrase, or signal you can use to let your children, friends, neighbors, or co-workers know that you are in danger and the police should be called.

Make an Escape Plan

- Be ready to leave at a moment's notice. Keep the car fueled up and facing the driveway exit, with the driver's door unlocked. Hide a spare car key where you can get it quickly. Have emergency cash, clothing, and important phone numbers and documents stashed in a safe place (at a friend's house, for example).
- Practice escaping quickly and safely. Rehearse your escape plan so you know exactly what to do if under attack from your abuser. If you have children, have them practice the escape plan also.
- Make and memorize a list of emergency contacts. Ask several trusted individuals if you can contact them if you need a ride, a place to stay, or help contacting the police. Memorize the numbers of your emergency contacts, local shelter, and domestic violence hotline.

Stalking Behavior

Stalking behavior and conduct can range from very subtle behavior to extreme and outrageous acts that might sound unbelievable to those less familiar with stalking. A stalker might engage in only one form of stalking behavior while another might engage in a wide variety of different and unpredictable stalking activities.

Celebrity stalking, while very serious, accounts for a small percentage of all stalking cases. Most stalking cases are in the context of domestic violence – the victim is living in fear of someone they once loved and trusted in an intimate partner relationship.

A stalker's behavior might include:

- Following
- Waiting outside of a home or workplace
- Making harassing or persistent phone calls
- Sending letters or emails
- Sending unwanted gifts or flowers
- Contacting, threatening, or harassing friends and family
- Hurting or killing pets
- Vandalizing property
- Manipulative behavior, for example, threatening suicide in order to force contact
- Spreading lies about a victim, for example, filing false reports, posting, or distributing personal or false information
- Collecting information about the victim's personal life and habits
- Subscribing to services in the victim's name
- Interfering with utilities or services, for example, having phone service disconnected
- Impersonating the victim or family member
- Accessing personal information through computer files or email accounts

Stalking with Technology

Access to the Internet and familiarity with new electronic technologies is increasingly common for most households, campuses, and workplaces. This technology provides stalkers another means for finding, contacting, and harassing their victims. While using technology to stalk does not involve physical contact, it is no less threatening than physical stalking. Some stalking tactics may include:

- Accessing or interfering with computer files and/or emails
- Sending threatening correspondence via email
- Tracking activities and movement through GPS (global positioning satellite) technology
- Taking photo/video images without consent and/or transmitting those images through the Internet

Primary Prevention and Awareness Programs

Policy Statement Addressing Security Awareness Programs for Students and Employees

During summer registration days and at the beginning of the fall and Spring Semesters students and their parents are informed of services offered by the Northern Essex Community College Department of Public Safety. Students are told about safety and theft prevention; similar information is shared with staff during their onboarding process. The College staff, including Student Activities, Counselors etc., offer programs on crime prevention programs, sexual assault prevention, domestic and dating violence, as well as stalking.

Sexual Assault Awareness and Prevention

The potential for occurrences of sexual assault is a reality for all colleges and universities, regardless of their location. As discussed more fully below in the College's statement of policy on sexual assault, NECC will not tolerate sexually hostile conduct of any type, whether in the nature of sexual assault or sexual harassment.

The College actively endeavors to educate students and staff concerning sexual assault awareness through, among other things, distribution of educational literature. The College brings in outside organizations such as the YWCA, which also provides interactive educational programming for students.

Ongoing Prevention and Awareness Campaigns

During the 2018-2019 academic year NECC offered approximately 10-15 crime prevention and security awareness programs, several are outlined below. All crime prevention and security awareness programs encourage students and employees to be responsible for their own security and the security of others.

Policy Statement Addressing Crime Prevention Programs for Students and Employees

Crime prevention programs on personal safety and theft prevention are sponsored by various campus departments throughout the year. The Department of Public Safety personnel facilitate programs for students and staff throughout the school year. Some of the crime prevention programs offered are safety awareness, safety in the city, alcohol and drug awareness, and sexual assault prevention.

Personal Safety Workshops

To educate the NECC community about the safety and security realities accompanying life in the city, the Department of Public Safety provides opportunities for all members of the community to learn about precautions for avoiding victimization. Officers conduct crime awareness workshops for NECC community members during student and employee orientations, which are designed to enhance awareness and improve personal safety.

Crime Bulletins and Alerts

The Department of Public Safety periodically distributes crime bulletins or alerts to inform members of the NECC community about incidents of crime in the areas surrounding the College. These bulletins and alerts are also circulated at times, not in response to a specific incident, but as general reminders to community members about measures to be taken to enhance personal and property security.

Hazing Policy

NECC expressly prohibits any form of hazing. Hazing is against the law, incorporates other serious crimes, and violates College policy. Reports of hazing will be investigated immediately by the Northern Essex Community College Public Safety Department, other College administrative offices, outside law enforcement agencies, or any combination of the three. In addition to

criminal penalties under Massachusetts law, students or employees are subject to College disciplinary action for organizing or participating in hazing or failing to report persons in danger in conjunction with hazing.

General Laws of Massachusetts

Chapter 269: Section 17. Hazing; organizing or participating; hazing defined

Whoever is a principal organizer or participant in the crime of hazing, as defined herein, shall be punished by a fine of not more than three thousand dollars or by imprisonment in a house of correction for not more than one year, or both such fine and imprisonment.

The term "hazing" as used in this section and in sections eighteen and nineteen, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug, or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action. (Amended by 1987, 665.)

Chapter 269: Section 18. Failure to report hazing

Whoever knows that another person is the victim of hazing as defined in section seventeen and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than one thousand dollars. (Amended by 1987, 665.)

Chapter 269: Section 19. Issuance to students, student groups, teams, & organizations

Each institution of secondary education and each public and private institution of postsecondary education shall issue to every student group, student team, or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as an unaffiliated student group, student team, or student organization, a copy of this section and sections seventeen and eighteen; provided, however, that an institution's compliance with this section's requirements that an institution issue copies of this section and sections seventeen and eighteen to unaffiliated student groups, teams, or organizations shall not constitute evidence of the institution's recognition or endorsement of said unaffiliated student groups, teams, or organizations.

Each such group, team, or organization shall distribute a copy of this section and sections seventeen and eighteen to each of its members, plebes, pledges, or applicants for membership. It shall be the duty of each such group, team, or organization, acting through its designated officer, to deliver annually to the institution, an attested acknowledgement stating that such group, team, or organization has received a copy of this section and said sections seventeen and eighteen, that each of its members, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen, and that such group, team, or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of postsecondary education shall, at least annually, before or at the start of enrollment, deliver to each person who

enrolls as a full-time student in such institution a copy of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of postsecondary education shall file, at least annually, a report with the regents of higher education and in the case of secondary institutions, the board of education, certifying that such institution has complied with its responsibility to inform student groups, teams, or organizations and to notify each full-time student enrolled by it of the provisions of this section and sections seventeen and eighteen and also certifying that said institution has adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set forth with appropriate emphasis in the student handbook or similar means of communicating the institution's policies to its students. The board of regents and, in the case of secondary institutions, the board of education, shall promulgate regulations governing the content and frequency of such reports, and shall forthwith report to the attorney general any such institution which fails to make such report. (Amended by 1987, 665.)

Notification to Victims of Crimes of Violence

Upon written request, the College will disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.
