

CLASSROOM FIELD OBSERVATIONS

Students in the Educational Studies Program will have the opportunity to observe teaching and learning in local classrooms in grades 1-12 as a component of coursework. A total of **15 hours** are required for students to observe in a classroom. Students can choose which grade level and school they would like to complete their observation hours. Students can select their own schedule for the classroom observations. There are also selected *Partnership Schools* with NECC that you can also be placed for your observation hours. Schools are available in Haverhill, Lawrence, and Methuen.

This is an opportunity to learn about your career pathway and determine what grade level you may be interested in pursuing in the future.
