

Educational Studies Program Outcomes:

- Design lesson plans, strategies, and assessments for the elementary classroom.
- Demonstrate critical thinking about teaching and learning theories and practices.
- Create and design safe and productive classroom environments that embrace diverse learning abilities and cultures.
- Modify instruction, curriculum, and assessments to meet the needs of all learners.
- Cultivate and identify collaborative partnerships with families, caregivers, community members and local organizations.
- Develop the capacity to reflect on and improve the practice of teaching.
