

Travel Reporting Form

Due to the health risks associated with the coronavirus, the College is establishing a reporting system for students, faculty and staff traveling internationally, especially to countries where travel advisories have been issued by the CDC. Reporting is strongly encouraged so that the College can take appropriate preventative measures, offer available resources, and immediately assist any member of our community who may become ill or has been in close proximity with someone who has become ill. Also, the information reported will assist the College in implementing any precautions or protocols recommended by public health agencies.

Name: _____

Status: **Student** (Student Identification #: _____)
