Articulation Agreement
Between
Northern Essex Community College
And
Palmer College of Chiropractic
Davenport Campus Only

Agreement into Palmer College of Chiropractic's Bachelor of Science
and Doctor of Chiropractic Degree program

The purpose of this agreement is to enhance the transition of Associate in Science Degree graduates from Northern Essex Community College into the Baccalaureate Degree program [which is offered in conjunction with the Doctor of Chiropractic curriculum] at Palmer College of Chiropractic's Davenport Campus. The following agreement shall establish the conditions under which students from Northern Essex Community College shall progress to upper division status. This agreement is without a specified termination date; however, either party may terminate the agreement at any time provided students then currently enrolled shall be allowed to complete their course of studies pursuant to the terms of the agreement in effect at the time of termination.

Note: Students wishing to participate under the terms and conditions of this agreement must complete an Associate degree program at Northern Essex Community College.

I. Articulation conditions for all Northern Essex Community College Associate Degree Graduates admitted to Palmer College of Chiropractic:

A. Palmer College of Chiropractic shall accept the required general education credits earned at Northern Essex Community College, applying them toward the equivalent lower division, general education requirements at Palmer College of Chiropractic.

B. Acceptance to Palmer College of Chiropractic will be contingent upon meeting all Palmer College of Chiropractic admissions requirements.

C. Northern Essex Community College courses not applied to Palmer College of Chiropractic general distribution, major or specialization will be accepted and applied as general elective credits.

D. Admissions, financial aid, advisement, and registration services will be provided by Palmer College of Chiropractic to those students who express an interest.

II. Northern Essex Community will provide the following:

A. Recruitment Table: Space on campus [Student Union] for promotion of Palmer College of Chiropractic.

B. Visit Awareness Marketing: Northern Essex Community College will actively promote baccalaureate degree-granting institution campus visits [i.e., posters, brochures].
III. Articulation Approval:

Catalog 17-18* (#2174.00)
Palmer College of Chiropractic complies with the guidelines established by the Council on Chiropractic Education (CCE), which is recognized by the U.S. Secretary of Education for the accreditation of programs and institutions offering the Doctor of Chiropractic degree. The CCE requires students to have earned 90 semester credits (or 135 quarter) with a 3.00/4.0 cumulative grade-point average for admissions into a Doctor of Chiropractic Program. **

**Applicants who do not meet the CCE Admissions requirements may be eligible under the alternative admissions track plan. This point of entry requires applicant files to be reviewed by a committee. Decisions for admissions are determined on a case by case basis

In addition to adhering to the CCE’s guidelines, Palmer College provides priority consideration to applicants who demonstrate a strong, well-rounded academic record supported by co-curricular learning experiences. Qualified applicants will be invited to interview for placement into the program.

Palmer encourages students to pursue a well-rounded education with coursework that includes 24 science credits, half with labs, that may include biology (human anatomy and physiology, embryology, genetics, microbiology, immunology, cellular biology, exercise physiology, and kinesiology), chemistry (general chemistry, organic chemistry, analytical chemistry, biochemistry, toxicology/pharmacology, and nuclear medicine), and physical sciences (physics, biomechanics, and statistics).

Listed below is a sample of some recommended courses within the undergraduate institution’s catalog* that will assist a student in selecting coursework to meet the 24 semester credits in life and physical sciences. Other course selections may be acceptable; however, Palmer strongly encourages any student who is interested in chiropractic to contact the Admission’s Department for individual guidance.

**BIOLOGY**
BIO 121 Anatomy and Physiology I 4
BIO 122 Anatomy and Physiology II 4

**CHEMISTRY**
CHM 121 General Chemistry I 4
CHM 122 General Chemistry II 4
CHM 221 Organic Chemistry I 4
CHM 222 Organic Chemistry II 4

**PHYSICS**
PHS 111 College Physics I 4
PHS 112 College Physics II 4

THIS PROGRAM IS SUBJECT TO REVISION DUE TO ADDITIONS AND/OR DELETIONS IN THE COLLEGE/UNIVERSITY BULLETIN.

Northern Essex Community College  
Associate in Science Degree in Biology

The associate in science degree in Biology is designed to provide the foundation for a career in the biological sciences and is primarily a transfer program that prepares students for further study towards the bachelor’s degree. This is achieved by providing an intensive science program with coursework and laboratory experiences in biology, chemistry and other natural sciences, as well as a background in mathematics and the liberal arts. A minimum of 71 credit hours are required for graduation. A grade of C or better is required in all Science courses in order to continue to the next semester.
